

Critchley G-type halogen-free markers

When cable markers with a Limited Fire Hazard (LFH) rating are required, Cablecraft's **zero halogen** markers made from self-extinguishing material provide the answer. 5 sizes cover cables from 1.0mm² to 50mm². The gusseted design enables them to fit over a wide range of cable diameters while the chevron cut ensures the marks stay aligned.

Available in: yellow body, black marking
 Markings: A-Z, 0-9 and symbols +, -, /, full stop and blank

Service Temperature: -45°C to + 70°C
Flammability: LOI 42%, UL94 V-0 rated material FT1 >350°C

Chemical Resistance: Excellent resistance to sea water, detergents (10% aqueous), fuels and oils.

For Cable Dia. mm	For Cable Size mm ² (BS6004) (BS6231)	Applicator Type	Part No.	Packed Box
1.4-2.5	–	ELA 1	ELG3/10	1000
2.0-3.5	1.0-2.5	ELA 2	ELG3/20	1000
3.0-6.0	1.5-6.0	ELA 2	ELG4/10	500
5.0-9.5	10.0-25.0	ELA 3	ELG6/10	250
8.0-12.5	25.0-50.0	ELA 4	ELG6/20	250

Applicators – see Page 13

Cable marker boxes

If you choose to make your own kits, empty marker boxes both large and small are available.

Part No.	Contents
EMB-1	Empty 18 compartment box (small)
EMB-2	Empty 32 compartment box (large)
