

AMP terminals – an easy guide to the most popular rail products

AMP vibration-resistant terminals offer complete reliability in the most difficult rail circuit applications. However, the AMP Rail terminal range is vast. As such, in order to help you make a quick and safe decision as to which AMP product is best for your application, we have detailed the most commonly requested AMP Rail terminals in these easy-to-use reference tables.

AMP PIDG Ring Terminals

Part Number Loose Piece	Terminal Insulation Colour	Description	Stud Size	Pack Quantity
AMP 130008 Rail part no 54/119387	Red	AMP PIDG crimp terminal, copper sleeve support, red insulation sleeve. Suitable crimping tool 39/008126 (AMP part no 52 5690)	M5 (2BA)	1000
AMP 151730 Rail part no 54/119368	Red	AMP PIDG crimp terminal, copper sleeve support, red insulation sleeve. Suitable crimping tool 39/008126 (AMP part no 52 5690)	M5 (2BA)	1000
AMP 130046 Rail part no 54/119391	Red	AMP PIDG crimp terminal, copper sleeve support, red insulation sleeve. Suitable crimping tool 39/008126 (AMP part no 52 5690)	M6 (0BA)	1000
AMP 321045 Rail part no 54/119369	Blue	AMP PIDG crimp terminal, copper sleeve support, blue insulation sleeve. Suitable crimping tool 39/008123 (AMP part no 52 5691)	M6 (0BA)	1000
AMP 36160 Rail part no 54/119364	Blue	AMP PIDG crimp terminal, copper sleeve support, blue insulation sleeve. Suitable crimping tool 39/008123 (AMP part no 52 5691)	M5 (2BA)	1000
AMP 342062 Rail part no 54/119567	Black	AMP PIDG crimp terminal, copper sleeve support, black insulation sleeve. Suitable crimping tool 39/008127 (AMP part no 59 239-4)	M5 (2BA)	1000

**AMP PIDG
Wire Pin Terminals**

Part Number Loose Piece	Terminal Insulation Colour	Description	Pack Quantity
AMP 165142 Rail part no 54/119342	Red	AMP PIDG crimp terminal pin, copper sleeve support, red insulation sleeve. Suitable crimping tool 39/008126 (AMP part no 52 5690)	1000
AMP 165169 Rail part no 54/119605	Red	AMP PIDG crimp terminal pin, copper sleeve support, red insulation sleeve. Suitable crimping tool 39/008126 (AMP part no 52 5690)	1000

**AMP PIDG
Blade Terminals**

Part Number Loose Piece	Terminal Insulation Colour	Description	Pack Quantity
AMP 131331 Rail part no 54/119601	Red	AMP PIDG crimp terminal blade, copper sleeve support, red insulation sleeve. Suitable crimping tool 39/008126 (AMP part no 52 5690)	1000
AMP 131330 Rail part no 54/119602	Blue	AMP PIDG crimp terminal blade, copper sleeve support, blue insulation sleeve. Suitable crimping tool 39/008123 (AMP part no 52 5691)	1000

**AMP PIDG
Bomb End**

Part Number Loose Piece	Terminal Insulation Colour	Description	Pack Quantity
AMP 36964 Rail part no 54/119005	Purple	AMP closed end (bomb) connector, purple insulation. Suitable crimping tool 39/008411 (AMP part no 45216)	1000
